

# Technical Data Sheet

## Product Name

Commerical Name                      Novoplast Violet BLP

## Chemical Properties

C. I. Generic Name                      Pigment Violet 23  
C. I. Number                              51319  
Chemical Name                          Diindolo[3,3',2'M]Triphenodioxazine, 8,18-Dichloro-5,15-Diethyl-5,15-Dihydro-  
Chemical Family                        Dioxazine  
CAS Number                              215247-95-3/6358-30-1  
EINECS Number                        228-767-9  
Percentage                               100.00%

## Physical Properties

Water Resistance                       5  
Alkali Resistance                       5  
Heat Resistance                        200  
Acid Resistance                        5  
Light Resistance                        7-8  
Linseed Oil Resistance                5

## Applications

PVC  
PET  
PP  
PE  
ABS

## Remarks

Bluish, specialized for plastics.
