

# Technical Data Sheet

## Product Name

Commerical Name                      Novoprime Violet BLS

## Chemical Properties

C. I. Generic Name                      Pigment Violet 23  
C. I. Number                                51319  
Chemical Name                            Diindolo[3,3',2'M]Triphenodioxazine, 8,18-Dichloro-5,15-Diethyl-5,15-Dihydro-  
Chemical Family                         Dioxazine  
CAS Number                                215247-95-3/6358-30-1  
EINECS Number                          228-767-9  
Percentage                                 100.00%

## Physical Properties

Water Resistance                        5  
Heat Resistance                          200  
Acid Resistance                          5  
Light Resistance                         7-8  
Linseed Oil Resistance                 5  
Alkali Resistance                        5  
Paraffin Wax Resistance                5

## Applications

Automotive Coatings  
Powder Coatings  
Industrial Coatings  
Gravure Printing Inks  
Offset Printing Inks

## Remarks

Bluish, good for solvent system
